Training to become a  
Grant VA is unique and  
specialized so you don't  
need a college degree.

As successful homeschoolers have learned, one targeted class taught by one professional can start a young person (or an older person, for that matter) on a course that leads to a fulfilling and prosperous career â€” without college.

## TESTIMONIAL

The E.L. Cord Foundation gave us \$25,000 from my mock proposal created in your class. This past Spring, I took your online class. It has been absolutely invaluable to me. So far, I have heard from 2 grantors that I recently submitted proposals to. Both were funded! Thank You!!!!

~Vinny Ribas, Disability Resources,  
Sparks, Nevada

Most graduates write at least one successful grant proposal shortly after completing the course. Many even submit the very same mock proposal they craft in class, like Vinny did in the above example.

## MEET YOUR PROFESSOR: PHIL JOHNCOCK, MA, MMS, GPC

With over 40 years experience and as a Certified Grant Professional (GPC) and approved Trainer with the Grant Professional Association (GPA), Phil Johncock is the founder and lead faculty for the Grants Academy. Phil designed the 1st grant writing course on the Internet and 1st online class for the entire University and Community College System in

Nevada (UCCSN) in 1997 so he could work from home near inspiring Lake Louise and still teach Nevada students over 1,000 miles away. He has taught thousands of students and looks forward to working with you! He has written 35 books, many about the grant profession.

Phil Johncock, the Lead Faculty at the Grants Academy, has condensed his 40+ years of knowledge and experience into a concise, specialized training and a proven system that teaches with the science of the grant profession as well as stories (and a 96+ success rate) and real-life examples.

## HIGHLIGHT

### **\$1,200,000,000 (\$1.2 Billion) In Grant Funding Received In 1st 2.5 Years...**

The Grant VA system that you have access to in this program was designed by Phil Johncock and the Grants Academy. It has resulted in students receiving over \$1.2 Billion in grant funding in the first 2.5 years!

## WHAT'S YOUR SCHEDULE?

No need to study for 2 years or even 2 semesters when you can learn at your own pace in a matter of a few weeks (based entirely on your availability and your schedule).

## LEARN AT YOUR OWN PACE!

### **Save Valuable Money & Time: No Travel**

No more taking precious time out of your busy schedule to travel to learn. No more travel expenses to fly across country to learn from the best. No more needing to take time away from work and family. This online course comes to YOU! Take as little or as much time as YOU need to learn the basics, according to YOUR schedule.

## BENEFITS

### **Benefit 1 - Short-Cut the Time**

The hard and time-consuming way to win grants is to do it yourself, which often takes years to learn. The easy and fastest way to learn is by allowing us to help you build the skills you need to get the funding nonprofits need more quickly.

### **Benefit 2 - 8 Key Elements**

Over the years, experts have discovered that most funders want to see similar elements in proposals such as a 1) summary, 2) agency introduction, 3) need/problem statement, 4) outcomes/objectives, 5) project methods or design, 6) project evaluation in reaching outcomes/goals, 7) future funding after the grant is gone, and 8) budget. You will master all of these!

### **Benefit 3 - A Proven System**

The Grant VA program doesn't just include what works for one person like most grant writing seminars do. We got a grant to research 80 grant experts around what really works. Right here, you have access to this proven system with \$1.2 Billion in only 2 1/2 years of testing.
